Each year, on the third Monday of January, the life and the ideals of Dr. Martin Luther King, Jr. are celebrated. Glendale's Diversity Committee honors this great man with a luncheon that acknowledges the value of diversity, the progress made toward freedom and equality for all people and continued efforts to strengthen communities across the nation. Guests will hear from the keynote speaker, Dr. Whitaker, during the luncheon and the winner of Glendale's "2010 Promoting Inclusiveness Award" will be announced. In addition, a special video tribute featuring community members and city employees highlighting diversity in their lives will be played for attendees.

2010 Census. Beginning in March 2010, the Census Bureau will mail questionnaires to all U.S. households, including those in Glendale. The Census form you will receive will be easy and will take less than 10 minutes to complete. Most important, federal law protects all of the information that you provide.

Why is important that you participate in the 2010 Census?

The U.S. Census is conducted once every ten years and helps establish each state's

Congressional representation, determine funding for our city, and collects important information on how our community is changing. Returning your Census form will also ensure that Glendale gets its fair share of funds for services such as police and fire protection, hospitals, schools, parks, libraries, senior centers, roads, neighborhood improvements and local bus service.
